Dear Honorable Members of the Connecticut Judiciary Committee,

I write you today to **oppose Bill No. 1094** concerning a ban on firearm magazines over ten round capacity. This bill is clearly unconstitutional in that citizens will be expected to forfeit personal property that has been purchased and owned legally without any grandfather clause or compensation for such property. Furthermore the forfeit of such firearm magazines in many cases will in turn render the firearms from which they are intended to be useless because there is no magazines available that fit the criteria of the new law in question.

The passing of this law will not affect the career criminals who own guns illegally and show little to no regard for many of the laws already in place in our country. Those affected will be law abiding citizens who own their firearms legally for the purpose of sport, personal protection and the practicing of safe firearms training, whom intend to use their firearms within all laws and statutes put forth by the government. This bill if passed will not have the effect on those for which it is intended. I thank you for your time in reading this testimony and once again I **oppose Bill No. 1094** and urge you to do the same.

Thank You,
Albert Martone Jr.
